CRITZ MISLEADING ON JOB CREATION

WASHINGTON, PA In response to congressional staffer Mark Critz's staged press event about jobs today, Tim Burns released the following statement:

Mark Critz continues to mislead voters about his record on jobs. I hope Mark Critz explained during his tour why, as a congressional staffer, he helped pass Speaker Pelosi's Cap-in-Trade bill, in the House of Representatives, a bill that will raise taxes and destroy Pennsylvania's energy and manufacturing industry.

I have a strong record of job creation. I started a business that eventually grew to employ 400 people, without government bailouts, continued Burns. My opponent's record as Director of Economic Development saw unemployment skyrocket across the district.

[The Somerset Daily American reported earlier today that unemployment in the Twelfth District rose at least 76 percent and as much as 135 percent in the counties of the district since Mr. Critz took over as head of Economic Development.](#)

Cap-and-Trade is a \$646 billion carbon tax that the Heritage Foundation estimates will cost 1.1 million jobs.
